To Whom It May Concern

The Bangladeshi community in the UK is a peace-loving, God-fearing, law-abiding, hard-working and taxpaying community.

The violence that was seen on 16th November 2026, Monday outside Mayfair Venue in Chadwell Heath in East London were executed by hooligans orchestrated and recruited from abroad. Police CCTV cameras have clearly shown the culprits holding hockey sticks and knives etc. and attacking people.

These individuals need to be identified, and have their immigration status checked and if their behaviors are contrary to the immigration privileges granted by the UK government; they should face judicial review and deported if warranted by that review.

The vast majority of Bangladeshis condemn these acts of violence without any reservations and urge law enforcement officials to act immediately.

Yours sincerely,
